AN APPEAL

FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook - yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness - our carelessness. This, we - you - and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high danger or set up regulations - hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you -

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

PROGRAM OF THE WHITE MOUNTAINS REGION ASSOCIATION

The White Mountains Region Association as a voluntary non-profit organization, receives support from the communities of the Region, the state and from individual members so that a program of cooperative promotion and developemnt of nothern New Hampshire may be carried on.

The Association publishes and distributes six different folders a year advertising the many advantages of the Region. It receives and carefully answers about 6,000 letters per year from people interested in a vacation in the North Country. The value of this single service cannot be over-emphasized. Recent surveys have shown that the tourists attracted by this mailing service have spent many hundreds of thousands of dollars in the Region. The Association sponsors the annual fall foliage tours, and represents the Region at national travel shows.

Through its board of directors, it is able to speak for the Region's needs at state and national hearings and at important meetings within the Region. It maintains a news release service to local newspapers to help inform the citizens of the North Country of worth-while activities and economic trends.

This winter the Association is running a cooperative ad program with the chambers of commerce in the ski areas to promote skiing in the White Mountains. It cooperates with private promotional groups, local chambers of commerce, and with the state promotional agencies. It promotes the sale of real estate through the mailing of real-estate purchase bulletins to real estate brokers. It conducts labor surveys for groups interested in industrial delopment, maintains an award program for the 4-H Clubs, and promotes agriculture within the Region.

In uninterrupted service since 1938, it has helped establish the White Mountains Region as a vacation center as fine as any in the world and contributed in many other ways to the economic betterment of all forty-six communities in Northern New Hampshire.

UNLOCKED DOORS

These unlocked doors were found in twenty-seven places of business. One place of business we secured the doors forty times during the year. It is our policy to check all places at least twice a night.

It is still the policy of this department to cover all special events, such as schools, churches, funerals, etc.

I am happy to report that during this past year we have not had a single juvenile case handled through our court.

The new Cruiser was placed in service on July 27, 1961. A mileage record is kept for each shift that it is used. It is fully equipped and it also carries oxygen.

Again this past year we have rendered every service possible to all parts of the town and will continue to do so.

This past year I have had the whole hearted support of the Sheriff's Department, State Police, Motor Vehicle Department and all others.

I thank Paul Boy, Earl White, Reid Carr and Mr. MacEwan for their fine co-operation and support. I have enjoyed my work here very much and am very happy. I especially want to thank Richard Knapp, who has helped us so many times and I have been able to assist him on several times. I know we will continue to have the same support in the future.
